

The Way

Dennis Lloyd

Do you wanna know what is on my mind?
I don't feel like I belong here lately
Want to leave it all, put it all behind
'Cause I feel like I am going crazy

I don't wanna lie, I don't wanna die
'Cause I'm scared to say goodbye to you, yeah
Spread my wings and fly, right above the sky
I'm just scared to say goodbye to you

So where can I go now?
What can I do now?
Where can I find it?
Who's gonna show me the way?
The way

So where can I go now?
What can I do now?
Where can I find it?
Who's gonna show me the way?
The way

So where can I go now?
What can I do now?
Where can I find it?
Who's gonna show me the way?
The way

So where can I go now?
What can I do now?
Where can I find it?
Who's gonna show me the way?
The way

I don't wanna lie, I don't wanna die
'Cause I'm scared to say goodbye to you, yeah
Spread my wings and fly, right above the sky
I'm just scared to say goodbye to you

Trying to figure it out, trying to look all around
I won't find it anywhere I'm looking for it
I don't want to become the one who can't overcome
So come save me, won't you come save me?

So where can I go now?
What can I do now?
Where can I find it?
Who's gonna show me the way?
The way

So where can I go now?
What can I do now?
Where can I find it?
Who's gonna show me the way?
The way

Trying to figure it out, trying to look all around

I won't find it anywhere I'm looking for it
I don't want to become the one who can't overcome
So come save me, won't you come save me?
