

# Boy Meets World

Deno

(That's JJ)

World's so done, why is clout so vital?  
Have you no shame for the drug of viral?  
I swear down, they'll do some shit so spiteful  
All for the likes and the views, so prideful  
I live by the words, if you know you know  
So that's my lingo, my medicine, my special code  
So if you ain't with my fam or my peoples  
One thing you should know, in the dome, you ain't getting close  
Fuckin' pussios, I can never rate you  
I could never get involved, I'm just 'bout my re-up  
Go and watch a episode, I'm the livin' epitome  
Gotta get a a frozen chain then I'll sing the song, let it go  
In this world that we livin' in, people keep on givin' in  
In the clothes I prayed in, the next I'm sinnin' in  
One day I'm losin' it, the next day I'm winnin' it (Yeah)

I'm just tryna see the world, I'm just tryna be the world  
I'm just tryna make me a little difference  
I'm just tryna be on top, I'm just tryna make it stop  
I'm just live off another hit list  
And broski is tryna just live and beat his case  
But still gotta sell on the cell to get his cake  
And I know it's hard, it's so hard to stay awake  
But just know in life we're all bound to make mistakes

Another day on tour and I'm chillin' with Ace  
Told him, "Leave that life alone and just give it some space"  
But I guess I'm in a place where it's easy to say  
Not everybody has my life and this shit at their age  
I had to grow up quick, mature fast in the game  
I get compared to adults on a regular day  
I was born to be a beast, I wasn't born to be tamed  
So many comments but half of them won't handle the fame  
I don't like a lot of guys, a lot are two-faced  
How's this yute sayin', "How that Deno yutes changed"  
We weren't even cool like that, we just knew names  
But me and you were best friends from the shit that you say  
You don't know what happens underneath  
I'm talkin' way deeper than the streets  
I find it hard to trust, it isn't easy  
My own nigga robbed me, it's so sneaky  
Summer 2019, I've fallen asleep  
Got a photoshoot in Hackney, so I'm ready to leave  
Check my bank account, shit, it's lookin' different to me  
I must be buggin' out, I seen some shit I couldn't believe  
About to roll up to his yard, I know the bed that he sleeps  
I coulda done a mad ting, and got the better of me  
I thought this guy was like my bro, shit, he was really my G  
Fake niggas make me sick, he just wanted some G's  
I don't play about my money, yeah, it's business to me  
I couldn't let it slide, if I did I must be neek  
Think I'm grindin' so hard just to take it from me  
Under 24 hours, I was counting my P's  
And excess, I added some interest  
Made a profit from a L, look at it as invest

Even though niggas sly and people are gonna lie  
You gotta just flip the vibe and keep livin' your life 'cause  
It just goes to show, you couldn't make it right  
Just goes to show, that they would take a knife  
It just goes to show that he would take your life  
If you paper's right, they wanna take a bite

Oh, I'm just tryna see the world, I'm just tryna be the world  
I'm just tryna make me a little difference  
I'm just tryna be on top, I'm just tryna make it stop  
I'm just live off another hit list  
And broski is tryna just live and beat his case  
But still gotta sell on the cell to get his cake  
And I know it's hard, it's so hard to stay awake  
But just know in life we're all bound to make mistakes

Now I'm sellin' out shows, goin' global  
Still cuttin' through in the Brix and the Oval  
Takin' flight, like it's postal  
Feeling like DJ Khaled, We The Best, I'm a mogul  
2016, I landed up on the scene  
Just a kid with a dream, exactly of what it seems  
Now I feel I got a reason, I think I found my meaning  
A boy meeting world, I'm guessin' that it's my season now

I'm just tryna see the world, I'm just tryna be the world  
I'm just tryna make me a little difference  
I'm just tryna be on top, I'm just tryna make it stop  
I'm just live off another hit list  
And broski is tryna just live and beat his case  
But still gotta sell on the cell to get his cake  
And I know it's hard, it's so hard to stay awake  
But just know in life we're all bound to make mistakes
