Drizzy

Deno

Fast Treasure

Somebody save me, somebody save me
Too many bad B's in the AP (Way too many)
I know that they hate me 'cause I got an AP
Oh, you got an AP? C-A-P
Five man step when I'm walkin' Harrods
I'm way too known so I'll go in the mornin'
Remember them days when my Kickers was talkin'
I run to the bag, guess the money was callin'

Now it's callin', yeah, yeah, it's callin' me (Mm-hmm)
There's no stallin', no, no, no stallin' me (Mm-hmm)
I gotta get rich or I gotta' die tryin'
At sixteen I saw over fifty (Fifty)
I don't care 'bout drip too tough, but I drip too tough, should I buss a 360
?

Drizzy's a one of a kind, I'm one of them guys, if you ain't not noticed
Try dragging me down when I'm doing my ting and I tried stay focused
I ain't got time for the Hocus Pocus, lookin' for the bag and I stay devoted
Here for a while, not here for the moment
Whole lotta friends but I got more opponents
Drizzy's a one of a kind, I'm one of them guys, if you ain't not noticed
Try dragging me down when I'm doing my ting and I tried stay focused
I ain't got time for the Hocus Pocus, lookin' for the bag and I stay devoted
Here for a while, not here for the moment
Whole lotta friends but I got more opponents

Somebody save me, somebody save me
The industry wanna remake me (Wanna remake)
Too many mandem think they made me
But more time they struggle to try and replace me
Been mindin' my own locked in my setting
Fast up the whip like I'm some felon
Ends full of snakes, I might flying away
I'm feeling to dip like Harry and Meghan

Now it's callin', yeah, yeah, it's callin' me (Mm-hmm)
There's no stallin', no, no, no stallin' me (Mm-hmm)
I'm with Amira, and my habibti
Would your Abu mind if I gave you a pickney?
Swiftly, swiftly, how much for the Mah'r? I'll drop 250
