

# Born Too Late

Dent May

Every time you call my name  
I'm trying not to feel this way  
But I do anyway  
When I see you on the town  
I can't help thinking what I'm thinking now  
But I do anyhow

Am I lonely just because?  
Now I'm learning that I was  
Born too late to tell you that I love you, baby  
But I want you to know I've been thinking about you lately (You're on my mind)  
It ain't right I don't sleep at night (You're on my mind)  
I can't explain but I'm not my age  
I'm born too late  
Born too late  
Born too late

Every time you're standing near  
I'm trying not to disappear  
But I wish you were here  
When I'm sleeping late at night  
I can't help dreaming that you could be mine  
But you're not by my side

Am I lonely just because?  
Now I'm learning that I was  
Born too late to tell you that I love you, baby  
But I want you to know I've been thinking about you lately (You're on my mind)  
It ain't right I don't sleep at night (You're on my mind)  
I can't explain but I'm not my age  
I'm born too late  
Born too late  
Born too late

Or maybe it's you  
Were born too soon  
It's not so easy to feel this strange  
I'm not my age  
I was born too late

Am I lonely just because  
Now I'm learning that I was  
Born too late to tell you that I love you, baby  
But I want you to know I've been thinking about you lately (You're on my mind)  
It ain't right I don't sleep at night (You're on my mind)  
I can't explain but I'm not my age  
I'm born too late  
Born too late  
Born too late  
Born too late  
(You're on my mind)  
Born too late  
(You're on my mind)

Born too late  
(You're on my mind)  
Born too late  
(You're on my mind)  
Born too late  
Born too late
