

## Don't Let Them

Dent May

What can I say?  
I'm running out of words that make sense to you lately  
I'm choking on cliches  
My mind is in a galaxy very far away  
But I'm here and I'm ready to lose it all today

Run and never look back  
Don't let them slow you down  
Never, never, never let them (Don't let them)  
As a matter of fact  
Don't let them tell that you're nothing  
Never, never, never let them  
Never, never, never let them  
You are everything to me

What can I do  
When Earth's impending doom's got me out of my head  
And I haven't slept for days?  
My mind is in a galaxy very far away  
But I'm here and I'm ready to lose it all today

Run and never look back  
Don't let them slow you down  
Never, never, never let them (Don't let them)  
As a matter of fact  
Don't let them tell that you're nothing  
Never, never, never let them  
Never, never, never let them  
You are everything to me  
You are everything to me

Run and never look back  
Don't let them slow you down  
Never, never, never let them (Don't let them)  
As a matter of fact  
Don't let them tell that you're nothing  
Never, never, never let them  
Never, never, never let them  
You are everything to me  
You are everything to me  
You are everything to me (Don't let them)  
You are everything to me (Don't let them)  
Yeah
