

# Don't Stop Doing What You're Doing

Dent May

How do you do it?  
Take it all in stride like it's absolutely nothing  
Wow, the way you're moving  
Brings tears to my eyes  
That's some mighty good loving

It's so good, it's so good, it's so good

Don't stop doing what you're doing  
'Cause you're doing it well  
And I belong forever in your arms  
Nothing to it  
Whatever you want, I will provide  
Don't stop doing what you're doing  
'Cause you're doing it well

What were you thinking  
When you gave your number to a dope like me?  
And now we're both singing  
"Baby, I'm yours" for eternity

It's so good, it's so good, it's so good

Don't stop doing what you're doing  
'Cause you're doing it well  
And I belong forever in your arms  
Nothing to it  
Whatever you want, I will provide  
Don't stop doing what you're doing  
'Cause you're doing it well

Don't stop doing what you're doing  
This is for all time
