

Howard

Dent May

Howard Abbey sang rock and roll songs
Out on the road until it all went wrong
He's been down since the band broke up
Singing them songs got him all choked up

Howard's going bald now
He feels like a hack
He thought that he was burned out
But he's back

Howard's got a one man show
Howard
Howard
Howard's got a one man show

Making that money once felt so good
Living the life like a young man should
Playing all night, getting stoned all day
Howard Abbey don't feel so great

Howard's getting fatter
He's rusty in the sack
Nothing really matters
'Cause he's back

Howard

Howard's got a one man show

Howard's got a one man show

La la la
La la la la la

Ladies and gentlemen
All the way from
