Dent May

I'm driving to the ocean, where we first met  
Feeling so emotional, it's hard to forget

'Cause I know what you did last summer  
I never thought that I could recover  
But this year, I've been moving on  
Goodbye, farewell, so long  
I swear I'm gonna make it, promise I'll be fine  
You're not gonna make me cry  
'Cause I know what you did last summer

The cool salt water washes over my skin tonight  
From now on, I will be my own best friend, it's alright

'Cause I know what you did last summer  
I never thought that I could recover  
But this year, I've been moving on  
Goodbye, farewell, so long  
I swear I'm gonna make it, promise I'll be fine  
You're not gonna make me cry  
'Cause I know what you did last summer

I know what you did last summer  
I know what you did last summer  
I know what you did last summer  
I know what you did last summer  
I know what you did last summer  
I know what you did last summer  
I know what you did last summer  
I know what you did last summer
