

Let Them Talk

Dent May

When we walk hand in hand
They may stare cause of you babe
Still we act as lovers do
And they talk when I'm with you

I tell you what
I tell you what
I thought about it a million times
And I just don't give a fuck

Let them talk
Let them wonder
Let them talk
Let them wonder
Let them say what's on their minds
Cause they don't understand what we have between us
They don't understand what we have between our hearts
They don't understand what we have between us
Let them talk
Let them talk

In a small and simple town
Oh they try to tear us down
Cause we young and wild at heart
They will talk till we're apart

I tell you what
I tell you what
I thought about it a million times
And I just don't give a fuck

Let them talk
Let them wonder
Let them talk
Let them wonder
Let them say what's on their minds
Cause they don't understand what we have between us
They don't understand what we have between our hearts
They don't understand what we have between us
Let them talk
Let them talk

Don't let these little minds bring you down
Remember that we're lovers, no we're not haters
Let them hate us cause we're not haters
So let them hate us cause we're not haters
Yeah I thought about it a little more
And I still don't give a fuck

Let them talk
Let them wonder
Let them talk
Let them wonder
Let them scream about our love
Cause they don't understand what we have between us
They don't understand what we have between our hearts
They don't understand what we have between us

Let them talk
Let them talk

Let them talk
Let them wonder
Let them talk
Let them wonder
Let them say whatever they want
Cause they don't understand what we have between us
They don't understand what we have between our hearts
Let them talk
Let them talk
Let them talk
Let them talk
