

The Simple Life

Dent May

Wake up at the break of dawn
Before I even put my coffee on, I'm singin' a song
Take the time to read the paper
Before I walk and say hi to my neighbor, his name is Fred

Don't have much, but it's more than enough
Out here livin' the dream

The simple kind of life
Takin' it easy just as hard as I can
A typical, average guy
Gettin' on peacefully, just an ordinary man
I'm just an ordinary man

Sun goes down in the evenin'
Home-cooked meal we're eatin', so good
Up all night watchin' movies
Had a couple beers, feelin' groovy, oh yeah

Don't have much, but it's more than enough
Out here livin' the dream

The simple kind of life
Takin' it easy just as hard as I can
A typical, average guy
Gettin' on peacefully, just an ordinary man
I'm just an ordinary man

Out here livin' the dream
Out here livin' the dream
Out here livin' the dream
Out here livin' the dream
Out here livin' the dream
Out here livin' the dream
