

Weakness

DENŸ

Nakuha mo agad ang pagtingin sa unang titig
Agad kong pinigilan ang namumuong bagyo sa isip
Sobrang tipikal
Delikado lang habang tumatagal
Epekto mo'y tila tetanong ambilis dumaloy
Agresibong pumapalot, ang dulot ay tinding hapdi
Sana'y maiwasan
Habang kaya pang labanan

Pero biglang nagparamdam
"Out mo na ba? Let's meet downtown"
Masyadong mabilis, lagpas nang alas-dyis
Konti na lang I'll be in distress
I know you tryna build the tension
Build a connection
Boy, let me teach you a lection
Make you see that I think with conviction
(But baby honestly)

I like the way that you make me feel
Pero pwede bang sabihan mo ko when everything is real
You blow my mind now and then, and still
You could be my newfound weakness (you can be, you can be my)
You could be my newfound weakness (you can be, you can be my)
You could be my newfound weakness (you can be, you can be my)
You should be my newfound
You should be my newfound weakness

Why you tryin' so hard boy? I know what you want
Red flags all around you, and I ain't gon' say okay
Baby you won't make me cry
Won't let me hear you say goodbye
You look like a dream come true
But not a happy ending

Kung ako ay a-aamin, kung bibigay ang damdamin
Pakiusap 'wag mong sirain konsentrasyon, 'wag harangin
Ayoko lang na masaktan, kaya siguro'y huwag na lang
(Sayang lang)

I like the way that you make me feel
Pero pwede bang sabihan mo ko when everything is real
You blow my mind now and then, and still
You could be my newfound weakness (you can be, you can be my)
You could be my newfound weakness (you can be, you can be my)
You could be my newfound weakness
You should be my newfound
You should be my newfound weakness
