

He's heating up  
Who made the beat, Charlie?

Women love me like Sosa  
Holla at your girl like, "Aloha"  
Throw that ass back, then bend over  
Give a nigga brain like diploma  
When a nigga hit call Jehova  
All up in the throat like Ricola  
Shorty wanna ride like Winona  
Now your boyfriend is a loner (¡Ay!)  
Loser, loser, now I'm a little bit cooler, cooler  
Everything a nigga get newer, newer  
People talking shit like manure, 'nure  
Nigga so bizarre, I'm raw, I'm rich  
At first, I park my car, then park your bitch  
And when I pop the bra, I know, it's lit  
I'm like an envelope, proceed to lick

She gon' throw it back like a catapult (Woo)  
Baby girl, you know that I'm a animal (Ooh)  
I'ma eat the pussy like a cantaloupe (Yum)  
She gon' think a nigga is a cannibal (Ooh)  
You sick of all these niggas on the antidote? (Yeah)  
I'm the only nigga you can settle for (Yeah)  
If you gets no love, better let her go (Yeah)  
I can take you on the beach, back to Mexico (Woo)  
Better yet, Honolulu, ooh, you be my baby, my boo, ooh  
Aunty, yeah, be my new new, ooh, I'ma get do what I do?  
Ooh, that's no cap and I tell no tales  
And it comin' from the mind of the man Denzel (Okay)
