

## Benz

Denzel Curry

I ride down 27 with a mixed bitch  
Looking like LisaRaye  
My bitch is in the passenger  
Like dracula and Carmen Hayes  
Who blow me like cocaine  
With a little propane  
King of the Hill  
I keep it real  
She drop that top like Rogaine  
So slide wit ya boy  
If you ain't talkin bout Benz  
Then I don't wanna ride with ya boy  
Come over here get high with ya boy  
Glide with ya boy  
Side with ya boy  
I do it how I wanna do it  
Run that pussy Carl Lewis  
Now she thinking she my wife  
Oh my god, are you stupid  
Talkin about all I need is love and affection  
But baby I'm a...  
And I am not the type to mess with  
I'm cruisin in that Lexus  
With a chick named Alexis  
And later in the night  
She gone earn herself  
A pearl necklace

I'm that, I'm that, nigga so  
Fall back, fall back  
And you don't really  
Want that, want that  
Cause you ain't really  
On that, on that  
I told my baby

I'm that nigga countin figures  
Bumpin to that 69  
Your bitch on that ecstasy  
That [?] grind  
Drinking off of dollar signs  
She all on the dick  
And she clappin her thighs  
Finesse at expense  
With my face on her breasts  
And she poppin that pussy  
Just like a .45  
Now, when I recline  
I'm in my zone  
Bitch nigga I'm fine  
Bruh bruh just vibe  
She done with her twerking  
Damn she tired  
Ride, I told ya chick lets slide  
In order to dive in the passenger  
A nigga just had to just fuck with her mind  
Dick and desire in her temple

Now she thoughts are caught in her mental  
Now she wants to ride my beep  
Like singers ride instrumentals  
But I bump that little key  
And she told that girl to bust it  
Man she do it like a stripper  
When she lay it down and then touch it  
So rub it, similar to vapor rub  
For your chest, make those panties  
Tsunami, mixed with false Viagra wet  
Now it's a family reunion  
When my mini-me is down her neck  
Raven Miyagi, a curious killer  
That nigga that never take kindly to threats
