

# Endtroduction

Denzel Curry

You want me to start it off or you got it?  
You got it  
Make it funky for me  
Okay, okay, okay, okay

Introducin' the motherfuckin' end, do anything to win  
I see the greed inside the hearts of men  
Christian Dior can't cover sins of a sinner  
Either feed your fuckin' dogs 'cause they gon' eat you for dinner  
Niggas I put on even tried to sabotage me  
You want the light so I let the dark camouflage me  
Bein' conceited, they think I'm easily defeated  
Then my fire start to burn like the rebirth of a phoenix  
King of the hill, this mic' judge my rap skill  
Combination straight out of Catskill, I'm that ill  
Been debatin' on whether I want to rap still  
Feelin' guilty, most of my niggas stuck in the trap still  
New chapter, old vessel, new swagger  
Cut deep, my tongue sharp, that's two daggers  
Earn plaques, there's two gold and one platinum  
Money under the table, but when we talk masters

Nobody knows, nobody knows, nobody knows (Uh-uh)  
Nobody knows, nobody knows, nobody knows, nobody knows (Uh-uh)  
Nobody knows, nobody knows, nobody knows, nobody knows (Uh-uh)  
Nobody knows, nobody knows, nobody knows, nobody knows

Introducin' the motherfuckin' end, I'm here to melt your lens  
Once you see your future, you will sin  
All you niggas bark, but don't bite, shoot, but can't fight  
Stick you with the left to get right  
Carbon fiber knives cut across the windpipe  
'Cause that's the smell of death and it's in the air tonight, uh  
I get Vicious like I'm Spike Spiegel when I cite evil  
I hate fuck niggas and crooked white people  
Everybody seems stressed, better soul somethin'  
Everybody look at me like I owe somethin'  
Earned everything that I come to have  
If you touch one of mine, I'll beat your ass like you stole somethin'  
Los Angeles hills, talk, scream and kill cops  
Fuck opps, I'ma do it all 'til my heart stops  
Writin' to get this paper, then let the pen drop  
Who let these fuck boys back in hip-hop?

Nobody knows, nobody knows, nobody knows (Uh-uh)  
Nobody knows, nobody knows, nobody knows, nobody knows (Uh-uh)  
Nobody knows, nobody knows, nobody knows, nobody knows (Uh-uh)  
Nobody knows, nobody knows, nobody knows, nobody knows

Introducin' the motherfuckin' end, end, end, end, end, end  
Introducin' the motherfuckin' end, end, end, end, end, end  
Introducin' the motherfuckin' end, end, end, end, end, end  
Introducin' the motherfuckin' end, end, end, end, end, end

Introducin'  
Introducin'  
Yeah, yeah, yeah

Sike  
Get funky with it
