Denzel Curry

Boop Boop Boop Boop Boop Boop  
Bap Bap Blap Blap Blap Blap

My gun got diarrhea when it  
Boop boop boop boop boop  
Y'all niggas with that barking shit  
That woo woo woo woo woo  
Do you hear the 1 to 44, double 22  
Hold on let me slow it down, R.I.P. DJ Screw  
Niggas be thinking they real niggas  
Niggas be thinking they shining  
Niggas be thinking they diamonds  
My niggas movin' in silence  
You niggas don't want a war  
I lay you down with the dinosaurs  
Bitch I am a megazord  
In the streets you do not win awards  
I'm high as a hoverboard  
I don't compute like a motherboard  
I eat like a carnivore  
None of you niggas prepared for war  
This ain't what you heard before  
Roll up the green like a herbivore  
This ain't what you heard before  
Roll up the green like a herbivore  
Like Jordan you stay with the bullshit  
My nigga I'm done with the nonsense  
My nigga I'm outta my conscience  
I'm throwin' my brain out the window  
A whole bunch of kush and some indo  
I'm bout to roll up with my kinfolk  
With all of the things that I seen  
It's looking just like what Bush wrote  
Roll it up, smoke it up  
And put it through the glass pipe  
Fuck around with me  
This'll probably be your last night  
First time she saw me it'll probably be her last time  
When she call me back  
I'ma tell her it's a bad time

I do not talk shit, I rented a starship  
Out of my starship, I slept with a goddess  
Out of the darkness, I feel like a goblin  
I am so heartless, I'm feeling so heartless  
I am so heartless, why am I so heartless?  
I am so heartless, why am I so heartless?  
I am so heartless, why am I so heartless?  
I am so heartless, why am I so heartless?
