

# Like Me

Denzel Curry

Its like a blaze when I say your name  
Because your body is just striking  
Enlightening  
Like lightening  
The storm here, is quiet  
I bite it  
When hearing the moans and groans as I dip deep  
Your knees weak  
But don't speak  
When my spirit  
Is in sync  
Along with you  
I lust for you like London Jones  
If you my ride or die  
Would you ride or grip the chrome?  
In a Mercedes Benz  
With fine clothes we roam  
Just like the traveler, no?  
Til' we entered inside your home  
Its known  
That Denzel can give you the mo' better  
Adrenaline rush  
As I proceed to get you wetter  
I bless her  
Just like a pastor seeing someone sneezing  
Good evening  
The way you look just blossoms as the season  
Spring  
Meaning you're clean, which is next to godliness  
Thank the good Lord he blessed the earth with beautiful goddesses  
Dropin' it  
To the surface, like a fallen angel  
The devil has a new dress  
My butterflies are painful  
Tame you  
So that I can pet the pussy cat  
Soft and heavy moaning when I hit it from the back  
Skies are looking kinda misty as the scene faded black  
Both hands on the wheel ain't no thing as turning back

You can search, the whole world  
Just to see  
And I'll pay, for your trip  
Its on me  
You might go, your whole life  
Just to find  
Out it was, a complete  
Waste of time  
Coz there ain't no one like me  
(Ain't there a nigga, there a nigga  
Like me  
Ain't there a nigga, there a nigga no) [x2]  
Coz there ain't no one like me  
(Ain't there a nigga, there a nigga  
Like me  
Ain't there a nigga no, there a nigga) [x2]

It's just, you and I  
And God watching over  
Kissing on my neck and hands going down my shoulder  
Closer and closer  
You're feeling a little colder  
My mind is saying stroke her but I wanna console her  
Hold her  
Love is in the eye of the beholder  
She could be my Sade and I could be her soldier  
Told her  
Once when we get a little older  
Hopefully we'll push a little baby in a stroller  
Lower  
Is the tone she whispered in my ear  
She said "I love you Denny and I love you near and dear"  
Never knew Nasir  
But the words were sincere  
When I went inside her mind, it was like Revista Leer  
I read between the lines  
In her eyes I spot a tear  
I uttered to her softly, girl you have nothing to fear  
I kiss her on the lips  
Then she told me to come here  
As she climbed to the top  
She became my chandelier  
Not knowing  
Created another life this very moment  
The future of my very insistence's got me open  
Its potent  
Like the smoke, when its in my lungs  
Its a fire in the air  
With the greeting of the tongues  
But none  
Will ever come between me and her bond  
So leave my sanctuary don't come back and don't respond  
This my garden of Eden  
But as one this is our temple  
My miniature moral is more than just being central
