Oh, damn

Cook it up, gourmet  
I go Super Saiyan, Gotenks  
Anything I ever do is top rank  
Got more bars than a Shawshank

I don't wear Balmains, all I ever do is ball man  
I am not a rapper, they all lame  
I am not dope, I'm hard, wait...  
I can power up and level up at any moment  
Spitting like a semi, only get me semicolon  
Couple O's like I'm Stanley Yelnats  
Every flow is unmatched and I better get set, inhale  
Finish 'em, finish 'em  
Mess around with me and I diminish 'em all  
Even if I ever did minimum all  
Even in Arizona, better killin' them all  
Rogue one but I got a team with' me  
Bad man one got a ting with' me  
I get mean, I get green  
Show the whole game what's never been seen

Designer sneakers hurt my feet now  
Every beat is gettin' beat down  
Couldn't eat, watch I eat now  
Like how you couldn't pay the freestyle?  
Different cities every week now  
Every woman is a freak now  
What state, probably lookin' bleep now  
I was homeless, sleep designer sheets now  
30 different missions, when I speak they listen  
Couldn't find a soul she fishin'  
Who the crew, it wasn't you, I know it's true  
Cause you look like the opposition  
Run it up, run it up, greatest ever, sums it up  
I ain't have a lot when I was comin' up  
Kinda made my stomach turn when I brought it up, wait...

Cook it up, gourmet  
I go Super Saiyan, Gotenks  
Anything I ever do is top rank  
Got more bars than a Shawshank
