

Woah, Kenny

I don't write rhymes, nigga, I write checks  
Might rewrite your life if the price set  
Mic check, one-two, one-two  
It's the nigga Denzel comin' outta the ZUU  
Carol City, what I breathe  
Dissect the flow so you can see what I bleed  
Put it all together and it forms to one things  
Captain Planet, I'm on my  
Packin' cannons to crack Atlantis  
It's so incredible

Lookin' at your face is so regrettable  
Better fix your mug, they gotta rush you to the medical  
Doctor buggin' out like Flick versus Hopper  
Untouchable to any window shopper, mannequin  
Flow scorch the back just like I'm Anakin  
Smokin' cannabis but ain't no journals that I'm handlin'  
Like, who brings the composition to the competition?  
There's gonna be some consequences when I- (Look out)  
Now lemme turn this to the judge and throw the book out  
The skew it on a barbie like a motherfuckin' cookout  
This rhyme is dedicated to every MC I took out  
And ones that got the best of me so all you niggas look out  
Ay, yo, I chef mad flavors  
Bitches suck the energy, it's like a Lifesaver  
Shave it off the top, it's sort of like a lightsaber  
Cheese grater, he's greater  
When they mention I, definition of the fly  
And that's why

I don't write rhymes, nigga, I write checks  
Might rewrite your life if the price set  
Mic check, one-two, one-two  
It's the nigga Denzel comin' outta the ZUU

Better fix your mug, they gotta rush you to the medical  
Doctor buggin' out like Flick versus Hopper

Do you, underdig like an archaeologist  
Or I use common sense for you to comprehend  
I'ma get loose like a barbed-wire fence  
It's the significant, never frivolous mister  
It's the man of the hour  
Super confident and my clothes yell it louder  
And if it don't compute then I gots to reroute ya  
Dressed in all black like a motherfuckin' bouncer  
Eye for an eye, now I gotta eye gouge ya  
Life been a bitch like a blue-nosed Schnauzer

Outcome (Re-up)

Not a Crip but still throw the C up  
Go back to the hood with my net worth and my fee up  
Bars harder than the morning wood, tryna pee up (Pause)  
I'm tryna say them niggas couldn't see us  
If you wanna be us you just gotta believe us  
That we boutta shake the whole globe us so (Look out)

I don't write rhymes, nigga, I write checks  
Might rewrite your life if the price set  
Mic check, one-two, one-two
