

# This Life

Denzel Curry

Didn't notice, but as of late, I think I've changed  
Not the same since my younger days, so far I came  
Feel my pain til; I can't complain, cause I'ma slide for a minute  
Till I rise in the business, make a billion show my niggas what up  
In this life, middle fingers up I don't fuck with a 9 to 5  
I keep it true to me, why the fuck would I live a lie?  
I'm living in this world, would you care if I live or die?  
You down, then would you ride for me?  
Because this life is so fucked up they telling lies to me  
You are my main and as my main you'd better not lie to me  
And I would tell you like Geminis there might be sides to me  
She not my main bitch, I'ma tell you she's a side to me

Like, she assigned to me, but you are designed for me  
And if I say I got your back then hold my spine for me  
And if I couldn't shed a tear, girl, would you cry for me?  
And if we was a couple doves, girl would you fly with me?  
I'm overseas, what I oversee, ocean sea, see reflections of the way we supposed to be  
Unluckily, we not at peace  
That's the end of my clover leaf, wouldn't care if you know it's me  
Keep away until you notice me

Didn't notice, but as of late, I think I've changed  
Not the same since my younger days, so far I came  
Feel my pain till I can't complain, cause I'ma slide for a minute  
Till I rise in the business, make a billion show my niggas what up  
In this life, middle fingers up I don't fuck with a 9 to 5  
I keep it true to me, why the fuck would I live a lie?  
I'm living in this world, would you care if I live or die?  
Are you down, then would you ride for me?  
Because this life is so fucked up they telling lies to me  
You are my main and as my main you'd better not lie to me  
And I would tell you like Geminis there might be sides to me  
She not my main bitch, I'ma tell you she's a side to me

She told me that I wasn't losing her, that she losing me  
L-O-V, -E, we outta gas, I'll see you in a week  
Thinking that, you won't fornicate with niggas that you meet  
But silly me, now we are the same, Cupid admit defeat  
Girl, are you out of your mind? I would think you were mine  
You were a part of me, part of me, parts of me died  
Idolized you when I didn't unite  
You won't tell for the moment, but time will tell, but as of now

You didn't notice, but as of late, I think I've changed  
Not the same since my younger days, so far I came  
Feel my pain til I can't complain, cause Imma slide for a minute  
Till I rise in the business, make a billion show my niggas what up  
In this life, middle fingers up I don't fuck with a 95  
I keep it true to me, why the fuck would I live a lie  
I'm living in this world, would you care if I live or die  
You down, then would you ride for me?  
Because this life is so fucked up they telling lies to me  
You are my main and as my main you'd better not lie to me  
And I would tell you like Geminis there might be sides to me  
She not my main bitch, I'ma tell you she's a side to me
