

## Goin Up

Deorro

Oooh when the curtain drops  
Oooh I'll be takin' off  
Oooh and I'll never stop 'till I've seen stars

I'm in the outside  
Never looking in  
Cause it cuts deep  
When you're paper thin  
Dress it up nice  
Make 'em think that everything's okay

Oooh when the curtain drops  
Oooh I'll be takin' off  
Oooh and I'll never stop 'till I've seen stars

I'm goin' up  
Until I disappear into the sun  
A million miles an hour 'till I'm numb  
I wonder if I'm never gonna get where I belong

It's a long way to reality  
I got yesterday playing on repeat  
Any higher up we floating in the atmosphere

Oooh when the curtain drops  
Oooh I'll be takin' off  
Oooh and I'll never stop 'till I've seen stars

I'm goin' up  
Until I disappear into the sun  
A million miles an hour 'till I'm numb  
I wonder if I'm never gonna get where I belong
