

Honest Man

Deorro

Hello, can you hear me?
I wrote this song for my best friend

I heard you found yourself an honest man
Yes, I heard you found, you found yourself a real man
And unfortunately, that man is me

I'm gonna hurt you with the truth a million times
Before I tell you what you wanna hear
'Cause I'd rather hurt you with the truth and watch you fall apart
Than say, I love you 'cause I don't got that kind of love for you
No

I heard you found yourself an honest man
I heard you found yourself a real man
And unfortunately, that man is me

I'm gonna hurt you with the truth a million times
Before I tell you what you wanna hear
'Cause I'd rather hurt you with the truth and watch you fall apart
Than say, I love you 'cause I don't got that kind of love for you
No, no, no
