

# Let Me Love You

Deorro

What are you afraid of  
Look at what's around you  
Open your eyes  
I'm only here to save you  
So please don't be afraid  
I've got nothing to hide

I don't know what you  
Have been through in the past  
But all I know, is I could be  
The one to bring your smile back  
And if you let me, I promise  
I'll never let you down  
You could count on me

And if I see you falling down  
And you're calling out to me for help  
When it all comes crashing down  
I swear I'll be around for you  
Just let me love you  
Just let me love you  
Just give me a chance

Everything will be alright  
So take my hand  
And I could show you the way

And if I see you falling down  
And you're calling out to me for help  
When it all comes crashing down  
I swear I'll be around for you  
Just let me love you
