Deorro

Everybody want you...

All eye's on you, everybody wants you

Pop lock, take you heels off if you have too, short dress, pass showing, girl if you want to, take it all off, rip it all off, show it all off, show you can drop that ass girl.

All eyes on you everybody wants you, high legs, big hips all of them want you.

With your juicy red lips and your short red dress, and your tongue out looking all fine.

Everybody wants you...

Everybody...

Everybody
