

Wild Like The Wind

Deorro

Ever seen a speeding bullet
Ever found yourself too deep
I can't seem to break this habit
Regretting what I just can't keep

Comfortably numb till the dark's a familiar place
Each step that I take is a journey to my faith

There ain't no way I'm escaping
This prison I'm in
There ain't no one left to save me
'Cause I'm wild like
I'm wild like the wind
I'm wild like the wind
I'm wild like the wind

I can see that freight train coming
I can see it all from here
My pain's become my only weapon
Learned to stand behind my fear

Comfortably numb till the dark's a familiar place
Each step that I take is a journey to my faith

The good inside me's a stranger
And I'm in love with my sins
There ain't no one left to save me
'Cause I'm wild like the wind

There ain't no way I'm escaping
This prison I'm in
There ain't no one left to save me
'Cause I'm wild like
I'm wild like the wind
I'm wild like the wind

I'm wild like the wind
I'm wild like the wind
I'm wild like the wind
