

# Angel

Depeche Mode

The angel of love was upon me  
And lord I felt so small  
The legs beneath me weaken  
I began to crawl  
Confused and contented  
I slithered around  
Reveal is beyond me  
I was lost I was found

The angel of love was upon me  
And lord I felt so weak  
I felt my tongue move in my mouth  
And I began to speak  
A strange kind of language  
I don't understand  
A babbling fountain  
I couldn't have planned

Oh leave me here forevermore  
I've found the peace I've been searching for

The angel of love was upon me  
And lord I felt so high  
I swear I could've reached up  
Place my hands upon the sky  
A radiant rainbow  
Was following me around  
With elevated senses  
I can see and taste sound

The angel of love was upon me  
And lord I felt so clean  
Like a preacher on Sunday  
My heart was serene  
I waded into the water  
I was bathed, I was drowned  
Like the sinners before me  
I knelt down on the ground

Oh leave me here forevermore  
I've found the peace I've been searching for  
Oh let me sleep forevermore  
I've found the peace I've been searching for
