In my arms

Black Celebration
Gm **F**
Black Celebration
Em
Tonight

To celebrate the fact
That we've seen the back
Of another black day

I look to you
And your strong belief
Me, I want relief
Tonight

Consolation
I want so much
Want to feel your touch

Tonight

Take me in your arms
Forgetting all you couldn't do today

Black Celebration
I'll drink to that
Black Celebration
Tonight
