

Flexible

Depeche Mode

Fame can have strange effects
Money can have strange effects

I ask myself, is it a sin
To be flexible when the boat comes in
Open the window and out go ideals

Drink can alter you
Girls can have strange effect too

I ask myself, is it a sin
To be flexible when the boat comes in
Open the window and out go ideals

We all know boats don't last
We all know cars are fast

I ask myself, is it a sin
To be flexible when the boat comes in
Open the window and out go ideals
