

No More (This Is the Last Time)

Depeche Mode

One more ride, I can't explain
All hesitation, we stop and start again
Repeat the process, we repeat the lie
Time and time again, by and by

This is the last time
I say goodbye
The last time
Then we won't have to lie
The last time
Call it what you want
You don't mean a thing to me no more

You go your way, I'll go mine
We walked this line together for the longest time
We climbed the mountain in so many ways
Reached the top and slowly fade away

This is the last time
I say goodbye
The last time
Then we won't have to lie
The last time
Call it what you want
You don't mean a thing to me no more

Our crimes will pass us by
Crimes, they all fade and die
All those memories, all our pain
Slowly disappear like the falling rain

This is the last time
I'll say goodbye
The last time
Then we won't have to lie
The last time
(All that memories, all our pain)
This is the last time
(All that memories, all our pain)
The last time
