

# Cry Cry Cry

## Deportees

I'll stand on the gone side, on the gone side of leaving  
So meet me tonight girl, in your wildest dreams  
Just like a panther, the way I run, run, run  
And just like a baby, the way I cry, cry, cry  
The way I cry, cry, cry

While we're passing all the passers-by  
The way I walked on by  
You see I read it on a t-shirt that they all think we're crazy  
Now we're leaving

I'll walk through your landscape, and let somebody touch me  
Let me follow you down girl, to a place we might call home  
Just like a prayer, the way I beg, beg, beg  
And just like a baby, the way I cry, cry, cry  
The way I cry, cry, cry

While we're passing all the passers-by  
The way I walked on by
