

Happy

Deportees

Is it me? Did you forget how to be happy? Baby
Is it me or did you forget how to feel carefree, baby?
What if I said, I'm not saying I would love you forever but what if I could
I will not say goodbye to a dream before it says goodbye to me

Didn't you say I would think about it sometimes?
You never said I would think about it all the time

Lost inside piano houses, not a thing is strange about it
Didn't you say I would find a way eventually

Is it me? Did we forget how to be happy? Baby
Could it be so? Let me go just to see if maybe, just maybe
I know we fell from the highest of trees but everyone knows that we climbed properly
If I had the time left to spend I'd give it to you again and again

Didn't you say I would think about it sometimes?
You never said I would think about it all the time

Lost inside piano houses, not a thing is strange about it
Didn't you say I would find a way eventually
