

Lost You For a While

Deportees

You're here, but you're not, did you hear what I was saying?
I lost you for a while
Without you when I'm with you, my jokes are not that bad
I lost you for a while

And you go dancing in your head, was everyone a stranger?
Lost inside a feeling, lost inside a meaning
With everything I'm not breathing without worries
No one needs protection that is your connection

I know you shouldn't ask somethings, sometimes
You shouldn't ask, but I did

You're here, but you're not, subtle, but it's true
I lost you for a while
Is everyone ok? [?]
I lost you for a while

Is there somewhere in your mind, Just everybody laughing
I was not important, that was not important
I did not forget the imitations that you sell
I said that I was coming, I know I really went

I should have held you in my arms
I should have held you in my arms
Like a lover, not too hard
I should have held you, nothing more

You're here, but you're not, not everything is mine
I lost you for a while
I'm bringing in the clouds, I'm gonna do a little dance
I lost you for a while

Is it easier to breathe where the love is made of [?]
'Cus everybody's shining and no one's even trying
Maybe someday you could take me and lead me by the hand
You could be the beacon, show me what you're seeking

I should have held you in my arms
I should have held you in my arms
Like a lover, not too hard
I should have held you, nothing more

I should have held you in my arms
I should have held you in my arms
Like a lover, not too hard
I should have held you, In my arms

In my arms
