

# Terrible Machine

## Deportees

I'm going deep in my head  
I'm going deep in my home  
I'm going deep down inside  
The deepest place I know

These are different times  
For a different mind  
So many things on show  
So little to hide

Into the void  
My feelings unemployed  
Are you safe now?  
Are you safe now?

No matter what the times throw  
No harm will come to you  
I don't care if it sounds silly  
It's a lie I hold for true

The light behind your window  
Such a terrible machine  
Shoulders fall like teardrops  
In comfort and [?]

I'm gonna run from the wolves  
I'm gonna run from their claws  
The world has gone cold  
Maybe it always was

I take a walk in the park  
I take a walk with my friends"  
Don't know when I'll feel this alive  
Again

No matter what the times throw  
No harm will come to you  
I don't care if it sounds silly  
It's a lie I hold for true

The light behind your window  
Such a terrible machine  
Shoulders fall like teardrops  
In comfort and [?]
