Deportees

If I could turn back time I wouldn't keep a thing
I would change it all, and make it undone
I'd start a brand new life, swear I was born alive
This time around I'll constantly change
If I could turn back time I wouldn't keep a thing

Be on top of things, I'll be on top of the world
One thing's for sure I would love you some more

I will build up what my hands tore down

This time around I'll constantly change
If I could turn back time I wouldn't keep a thing
I would ride my life like a horse with no name
Be on top of things, I'll be on top of the world
One thing's for sure I would love you some more

I'll be the talk of town, I'll be a hard tie
I'll be a carnival, a shoulder so strong
I'll be the salt of the earth, I'll be the voice of the weak
I'll be the spark in your eye, and the gun in your hand
I'll be the book that you read, I'll be the air that you breath
e
I'll be the stones that you throw, I'll be love that you lost
I'll be the love of your life, I'll be the friend that you need
I'll be the strangest of sounds next time around
