

Would I Lie

Depswa

Why would I lie to you
When i have the best intentions
As soon as I let eyes on you i know it was meant to be
And ooh you got something that I thought I'll never find
Such a beautiful distraction with the body so divine
And ooh you got something that I never knew excisted
We should consummate our future with a kiss yeah

You are the reason why I've waited all this time
Would I lie why would I lie
And you don't know me but you really could in time
Would I lie why would I lie
To you

Why should we waste our precious time on phone calls and attent
ion
Trust me I will show you things you never thought you'd see
And ooh I feel destiny in every part of you
You're like potry in motion girl with everything you do
Ooh I see beauty way down deep within your eyes
Just answer this last question
Yours or mine?

You are the reason why I've waited all this time
Would I lie why would I lie
And you don't know me but you really could in time
Would I lie why would I lie
To you

Would I lie to you
You look so good right there and no one can compare to the way
I'd die to you
The feelings in the air so let them all just stare and
Let's go to what we want to do

You are the reason why I've waited all this time
Would I lie why would I lie
And you don't know me but you really could in time
Would I lie why would I lie
To you

You could be the first thing and the last thing on my mind
Would I lie why would I lie to you
You look so good right there and no one can compare to the way
I'd die to you
