

## Bar Exam

Derailers

I got my PHD...in heartaches and misery  
and a BSN...barstool phil-osophy  
You're my inspir-ation...for higher edu-cation  
Now the final test is right in front of me.

I'm taking a bar exam...under a neon sign  
I'm gonna to graduate...when your off my mind  
In this honky tonk school...we've got a hell of a band  
Drink by drink...takin' a bar exam

I know beer wine.. whiskey and gin  
studied every glass and bottle they come in  
I pass with flyin' colors...so how 'bout the others  
So set'em up...I'm ready to begin
