

Walking on the way of no return  
There are many things I couldn't see no more  
A new horizon in my life is born  
when I found the smile that I was looking for

All the time, every day and every night  
I'll be here for you

You're the sunshine in my eyes  
You're the colour of my life  
You're the energy to make my dreams come true  
You're the way to stop my cries  
You're the suspense and surprise  
You're the reason why I'm here to "alright".

Time is running so fast and blind  
and I always made the things I like to do  
But someday I've worries in my mind  
that I can forget when I can stay with you

All the time, every day and every night  
I'm here for you

You're the sunshine in my eyes  
You're the colour of my life  
You're the energy to make my dreams come true  
You're the way to stop my cries  
You're the suspense and surprise  
You're the reason why I'm here to "alright".

All the time, every day and every night  
I'll be here for you

You're the sunshine in my eyes  
You're the colour of my life  
You're the energy to make my dreams come true  
You're the way to stop my cries  
You're the suspense and surprise  
You're the reason why I'm here to "alright".
