

# Buckets

Derek Minor

Had to make a play yeah  
Beast off the leash, I can't be tamed yeah  
When it's on the line, they call name yeah  
Last second shot, oh that's the game yeah  
Buckets buckets buckets buckets  
Buckets buckets buckets buckets  
Buckets buckets buckets buckets  
Buckets buckets buckets buckets

All we get is buckets and you know we finna win  
Step back for the 3 shoot the shot it's going in  
Ain't no time for games you know we gotta get the chip  
With the dawgs and you know we champions  
All gas no brakes we ain't came to play  
Beast mode cheat code we ain't wit the games  
No pain no gain we is not the same  
Zoom through the lane shoot the shot make it rain  
We gon take it there, we gon win it all  
Solid as they come so we neva fall  
Buckets everyday know we gotta ball  
Remember the name  
Cut the net and get that ring

I had to whip wit the water  
I had a pyrax no pots or paddec  
Hopped out the pin to starter  
They sick L's they passed me the ball  
Cuz they kno that I can shoot farther  
I can't be tamed I'm trained to run up a check  
Cuz I came from the bottom of bottoms  
I'm bottomless woah  
Don't get me triggered  
Pop out something that's censored I came for my dinner woah  
She asked if it's winter  
From the A to the P Vvs it's a spinner woah  
Play from the center  
Buckets on buckets can't stop me I'm bigger huh  
Slapped off the sprinter  
Don't need me a bat to be know as a hitter  
Told em wake up and stop sleeping  
I shoot from the deep end  
Don't worry I'm clutch like gears on a vette when I'm speeding  
No reason to trip  
I'm impressed u can see how I drip like the deacon  
I meant it  
I swear that this is my season  
I'll put up 30 n leave without greeting
