

CRAZY

Derek Minor

I've been making pictures for a perfect little painting
Wish I didn't care what they think about me lately
But I can't even lie, I been stressing on it daily
Tryna do it all yeah it got me going crazy
Crazy, crazy, got me going crazy
Crazy, crazy, got me going crazy
Crazy, crazy, got me going crazy
Crazy, crazy, got me going crazy

Yeah, yeah Sacrificed my life just to be here
You know I paid the price, let me be clear
Half a milli had a feeling I could make it right
All these jokers telling lies like it's a game of dice
Fully clothed, dripping
Dasani flow, swimming
Disrespect, dipping
Up next? Listen
I might lose my mind
But it'll be the only time I lose (I never lose yeah)
I'm just tryna manage all this pressure building up
Expectations got me damaged no I never measure up
Woo, I never measure up
Tell me how it is I'm standing if I didn't make the cut

I've been making pictures for a perfect little painting
Wish I didn't care what they think about me lately
But I can't even lie, I been stressing on it daily
Tryna do it all yeah it got me going crazy
Crazy, crazy, got me going crazy
Crazy, crazy, got me going crazy
Crazy, crazy, got me going crazy
Crazy, crazy, got me going crazy

I told em wait up
I hadda put on my mask before I hop on a jet and go way up
Take off like woosh
Shoot through the roof on the 3
And you know that I ain't finna lay up, yeah yeah
This ain't a game but they still tryna play us, yeah
Maybe it's chuck e cheese I need my tokens and they better pay up
We been going up, I can't even lie, I'm feeling blessed
We've been cashing checks, all my dogs with me need a vet
I've been MIA, living like I'll never see tomorrow
I been in my lane, looking like tchala in impala
They wanna drive me crazy
I can't let none of them shade me
Keep all your comments you can't speak
I'mma pull off in Mercedes
Bye bye oh my y'all mixed up like tie dye
They wanna stop me, why try?
Hop on a wave like WiFi

I've been making pictures for a perfect little painting
Wish I didn't care what they think about me lately
But I can't even lie, I been stressing on it daily
Tryna do it all yeah it got me going crazy
Crazy, crazy, got me going crazy

Crazy, crazy, got me going crazy
Crazy, crazy, got me going crazy
Crazy, crazy, got me going crazy
