

Going In

Derek Minor

I can't be stop, you are a opp
Get out my way, I gotta win
Act like I'm not the one on the top
We been here before, you know what I did
I'm on my job, I'm doing my thing
I flex on you, boys, I do it again
They say whatever and I don't do talkin'
You lose the score, I'm going on

I can't be stop, you are a opp
Get out my way, I gotta win
Act like I'm not the one on the top
We been here before, you know what I did
I'm on my job, I'm doing my thing
I flex on you, boys, I do it again
They say whatever and I don't do talkin'
You lose the score, I'm going on

I can't be stop, you are a opp
Get out my way, I gotta win
Act like I'm not the one on the top
We been here before, you know what I did
I'm on my job, I'm doing my thing
I flex on you, boys, I do it again
They say whatever and I don't do talkin'
You lose the score, I'm going on

Ay, I'm going fifty for fifty
Me and the team is superb
I got it out of the dirt, uh
I pulled it out of the ground, uh
Everything on my own, huh
Too cold to the bone, huh
Top dawg, I'm alone, whole pack backtracked to the throne

Yeah, ay, look at the shine on the ring
Look at the ring, I'm a king, uh
Look at the king in his court, this a breaking report
I got time to make amends
Ay, time to get the win, ay
Flexin' on you boys, workin' out again
Ten outta ten, dub yet again

I can't be stop, you are a opp
Get out my way, I gotta win
Act like I'm not the one on the top
We been here before, you know what I did
I'm on my job, I'm doing my thing
I flex on you, boys, I do it again
They say whatever and I don't do talkin'
You lose the score, I'm going on

I can't be stop, you are a opp
Get out my way, I gotta win
Act like I'm not the one on the top
We been here before, you know what I did
I'm on my job, I'm doing my thing

I flex on you, boys, I do it again
They say whatever and I don't do talkin'
You lose the score, I'm going on

I'm going in, yeah, yeah
I gotta win, yeah, yeah
Heard you be talkin' a lot, I'm here to say it again, uh
They sound crazy, I agree with that notion
Come through like train
Loco-my-motion
L came from the gutter
Why you playin' around if you don't know?
Everybody threats that I know
Even granny walk around with a Draco
Haters look at me like, oh, no
'Cause my teeth look like I bit snow cone
And my big truck messin' up the ozone
If you ridin' my wave better hold on, hold on

I can't be stop, you are a opp
Get out my way, I gotta win
Act like I'm not the one on the top
We been here before, you know what I did
I'm on my job, I'm doing my thing
I flex on you, boys, I do it again
They say whatever and I don't do talkin'
You lose the score, I'm going on

I can't be stop, you are a opp
Get out my way, I gotta win
Act like I'm not the one on the top
We been here before, you know what I did
I'm on my job, I'm doing my thing
I flex on you, boys, I do it again
They say whatever and I don't do talkin'
You lose the score, I'm going on
