

# Going Out A Legend

Derek Minor

Aye I'm going out a legend  
We you hear my name you gone respect it  
Cause I did it every time that I said it  
Boy I'm going out a legend  
I been working 24-7  
They ain't give me nothing easy so I had to go and get it  
I'm a legend  
They gone try to act like ain't had it  
They can't over look the way we made it happen  
So I'm going out a legend  
I'm going out a legend  
Yea I'm going out a legend

I don't think they really got the message  
We ain't doing this for nothing  
All my dogs gone be legends yea

Homie, if I don't get a blue face bill  
I'll never kick it, like a Liu Kang heel  
I'mma grind no matter, the repertoire, it's a true great skill  
Never mattered homie, you hate still  
But I'mma legend, I'm not runnin' from nothing  
I'm locked loaded and dumping  
I cooked up in the private, then I showed it in public, ha!  
See me rocking and not double the budget, ha!  
Winning the topic, I stop, we hit the summit, ha!  
Get a ring, then do it again  
Winning team, man, shoot in the gym  
Billy Gene, to the coupe or the Benz  
I'mma one, two, three, and the 10  
All slots, man  
All stops man  
I ain't giving up nothing to them  
Ya'll tuck it in

Aye I'm going out a legend  
We you hear my name you gone respect it  
Cause I did it every time that I said it  
Boy I'm going out a legend  
I been working 24-7  
They ain't give me nothing easy so I had to go and get it  
I'm a legend  
They gone try to act like ain't had it  
They can't over look the way we made it happen  
So I'm going out a legend  
I'm going out a legend  
Yea I'm going out a legend

I don't think they really got the message  
We ain't doing this for nothing  
All my dogs gone be legends yea

Legends carry homies, Legend stats be holy  
Legends carry trophies like Stephen Larry Kobe  
Legends smash the pro leagues  
Fam and Legends pass the proceeds  
Trenches gats and rolliess vengeance ratchets blast and blow heat

Never send me old beef fam I'd send them cats below me  
Now I pray to Jesus out the trap I'm out my soul free  
Legends prowl and grow seeds  
Legends crown the the goat breeds  
Legends task for souls lead  
In the trenches gats are Smokey  
Ughhh how men wit gats for dough bleed  
In the trap they clap the cold streets  
Legendary status flow be everlasting rappin' blackin'  
Catch me snapping over cold beats

Aye I'm going out a legend  
We you hear my name you gone respect it  
Cause I did it every time that I said it  
Boy I'm going out a legend  
I been working 24-7  
They ain't give me nothing easy so I had to go and get it  
I'm a legend  
They gone try to act like ain't had it  
They can't over look the way we made it happen  
So I'm going out a legend  
I'm going out a legend  
Yea I'm going out a legend

I don't think they really got the message  
We ain't doing this for nothing  
All my dogs gone be legends yea
