

Made Me Better

Derek Minor

I don't feel right unless the odds against me
Back against the wall where my strength be, yea yea
Oooh I can't let it break me
Everything I been through it made me better
Ohh I love the hate, it just make me better
Been through everything, it just made me better
I can't waste the pain, it just made me better
Working every day, it just made me better

One two, check check check
One two, I'm going in
Is that a L, uh huh huh
W it's still a win
Got if off the muscle
All I know is hustle
All I know is making
Something outta nothing
What you think this is

I had to hop in the kitchen
I'm really on fire, you know I'm ignited yea
I know some people don't like it
I'm moving with flavor, they prolly a bite it yeah
Trendsetter, been better
I can't take the credit, YHWH
Been on fire boy, that's flambé

Only time you see me with my head down is when I'm praying
When my back is turned the only time they wanna say it
Water on me, flow is cold as ice, I'm finna tray it yea
And serve it to the people, they need hope, it's no delay yea

I don't feel right unless the odds against me
Back against the wall where my strength be, yea yea
Oooh I can't let it break me
Everything I been through it made me better
Ohh I love the hate, it just make me better
Been through everything, it just made me better
I can't waste the pain, it just made me better
Working every day, it just made me better

Hold up, hold up, hold up, hold up, hold up, what they finna say
Tell it to your mammy, it don't matter, I ain't listening anyway
They just mad the seats inside the drop, they look like ocean spray
You can get it too if you just work more than you talk today
This what happened when you take your pain and make it motivation
It ain't gon' be easy tryna be a legend, this a payment
You need execution, not excuses, dog you gotta face it
They don't want the truth but if you quit you don't deserve to make it
What you think they giving greatness out, nah you gotta take it
They don't know the hustle, they confused when they look at you
Till you hit your goals, they all shocked, they think you Pikachu
Put your mind to it, you can do it yeah, and I'm the proof

I don't feel right unless the odds against me
Back against the wall where my strength be, yea yea
Oooh I can't let it break me

Everything I been through it made me better
Ohh I love the hate, it just make me better
Been through everything, it just made me better
I can't waste the pain, it just made me better
Working every day, it just made me better
