

Off Time

Derek Minor

Push it to the limit we go all night
All night
Fully we committed ain't no part time
Part time
Run like the olympics in my off whites
Off whites
Wanna be a legend ain't no off time
Off time
Push it to the limit we go all night
All night
Fully we committed ain't no part time
Part time
Run like the olympics in my off whites
Off whites
Wanna be a legend ain't no off time

Winning's in my blood and these L's are something I can't take
Apply the pressure, stacking up these racks like I got heavyweights
Knock em out like pow the crowd goes wild, the belt is on my waist
Been a legend since I was a child, always knew I'd be great
Pause
I done just beated the odds yea
Doing all this for a cause yea
We only takes wins and not losses yea
We standing on business, ignoring our feelings
We coming in unannounced
The sky is the limit, we shooting like Pippen
And we never coming down

Push it to the limit we go all night
All night
Fully we committed ain't no part time
Part time
Run like the olympics in my off whites
Off whites
Wanna be a legend ain't no off time

Work, work
I had to put in that work foreal
I'm in the trenches
Throwing up shots in the gym
I'm feeling like Durk foreal
Sticks and stones
They told me I would be nothing
That really hurt foreal
But now I got Ms on me
We getting the wins

It's funny how hurt can heal
We been up like the whole summer
Run the game like the road runner
They thought we was sweet but I'm coming
For everything that they stole from us
I need the win
I need the fetty
We got the wins
See the confetti
Ready for war whenever they ready
When you getting dubs
You don't gotta be petty

Push it to the limit we go all night
All night
Fully we committed ain't no part time
Part time
Run like the olympics in my off whites
Off whites
Wanna be a legend ain't no off time
Off time
Push it to the limit we go all night
