

So Many Rings

Derek Minor

So many rings
Back to back like back to back ain't a real thing
We got so many rings
I'm a do the whole hook
So many rings
So many

So many rings
So many rings
We go back to back to back to back
Like back to back ain't a real thing
I got so many rings
So many rings
We go back to back to back to back
Like back to back really ain't a thing

Anyone saying that I ain't brought life to the game boy deadin' it
They ain't touching a record, I'm celibate
I done locked up the game like a felony
All my dogs coming with me like RICO
We charge up the city like Tesla
I ain't do it for the fame
I just did it for the rings
Only winning in my veins
Only platinum gold and diamonds my name
I can't stop or diminish
I been popping for a minute
I been focused on the finish
Feel like the best, I'll admit it
Catch a body anybody can get it
They want the shoes but I don't think they can fit it
Try to doubt me now I'm really offended
Got the trophy now it's really our city
So many rings

So many rings
So many rings
We go back to back to back to back
Like back to back ain't a real thing
I got so many rings
So many rings
We go back to back to back to back
Like back to back really ain't a thing

So many rings it look like my whole hand made of ice
Back to back chips dawg I'm nothing they like
I feel like the greatest I step in the light
Whoever the opp gone opt out of life
Fixated
Mind on that ring I been fixated
I control the whole game I'm a dictator
Got the world on my shoulders I lift nature
They been tryin' take my shine cause they too shady
It's nothing that's like me the real P
I praying the critics don't kill me
It's been 82 games and I'm still me
Yeah I'm consistent

Look my average I'm still on a mission
Been the whole standard the one that they missing
Go win a ring and they act like I'm tripping
Double it up now I'm who they gone mention
Me
It's the one wit the rings
It's the one on the jeans
The one in the V's
It's the one on a wheaties box living a dream
Keep up the coverage of me and the team
Interview crazy I'm making a scene
4 5 gone take it we peating for 3

So many rings
So many rings
We go back to back to back to back
Like back to back ain't a real thing
I got so many rings
So many rings
We go back to back to back to back
Like back to back really ain't a thing
