

# Your Soul Must Fly

Derek Minor

We all came from nothing  
Everything that we got is out the mud, out the mud no lie  
You were made for greatness  
And if I can do it you can do it too  
But your soul must fly  
Your soul must fly-y-y-y-y-y  
Your soul must fly-y-y-y-y-y

See I been to the top of the mountain  
And have in my possessions things that you calling astounding Accomplished m  
ost the things I want now I'm guessing my purpose  
A lot of dreams I put my worth in starting to feel worthless  
Can gold plaque bring my dad back  
Or some of these trophies and awards help get my people on track  
Or can my Spotify streams help that cop think before he pull the trigger  
I can't fix that with ten figures  
Over property that we don't own, we gunning down each other  
Trying to make them ends meet but that EBT don't cover  
Rob, cheat, sell dope, even if that mean killing each other  
Then the prison system eat off all our death just like vultures  
I just call it like it is  
I know that sin killing friends  
Yea I know that we all see it, we don't know we'll live again  
We chase the American dream for a long price  
But before you die, let your soul fly

We all came from nothing  
Everything that we got is out the mud, out the mud no lie  
You were made for greatness  
And if I can do it you can do it too  
But your soul must fly  
Your soul must fly-y-y-y-y-y  
Your soul must fly-y-y-y-y-y

Your soul must fly, High above the trap  
By any means, what happened to your wings  
What happened to your dreams  
Did this world snatch 'em  
You can float above it all  
Why let the devil drag you  
May not reach perfection but here's a valuable lesson  
More money that you get, the more stressing, Big taught me that  
At all times keep your head up, 'Pac taught me that  
No possession on this earth can match my worth, God taught me that  
In this May weather, the sun out but I'm feeling cold as December  
Trying to dodge God's hand but my arms way too short to box with Him  
What I mean is I been disconnected from the one that really show me how to l  
ive  
I been trying to feel, I been trying to feel, I been trying to feel, I been  
trying to feel  
I found out some friends will turn they back on you  
Love of money the root of evil  
How we value the talent but not value the people  
Some even use God's name for money and fame  
But you can never fly carrying all of those weights

We all came from nothing

Everything that we got is out the mud, out the mud no lie  
You were made for greatness  
And if I can do it you can do it too  
But your soul must fly  
Your soul must fly-y-y-y-y-y  
Your soul must fly-y-y-y-y-y
