

## Blue Christmas

Derek Ryan

I'll have a blue Christmas without you  
I'll be so blue thinking about you  
Decorations of red on a green Christmas tree  
Won't be the same, dear, if you're not here with me

And when those blue snowflakes start falling  
That's when those blue memories start calling  
You'll be doing alright with your Christmas of white  
But I'll have a blue, blue, blue Christmas

Decorations of red on a green Christmas tree  
Won't be the same, dear, if you're not here with me

And when those blue snowflakes start falling  
That's when those blue memories start calling  
You'll be doing alright with your Christmas of white  
But I'll have a blue, blue, blue Christmas (I'll have a blue)  
Yes, I'll (I'll) have a blue (have a blue) blue Christmas
