

Firefly

Derek Ryan

She said now you've got to believe
No it's not a mystery
If you're lucky just once in a while
You might see the firefly
Come on

She took me underneath the bridge
Open my eyes, I couldn't believe
And the world sprang over
The waterfall on the waters edge

She said now you can't be sure
If the night is creeping up on you
I love you it's not my fault
If you're lucky just once in a while
You might see the fireflies

Yeah now, the fireflies
She took me to the water's side
If you're lucky just once in a while
You might see the fireflies

Walk with me tonight my girl
And I'll show you all of my world
And the oceans, the lands and the sea
And you said it's a mystery

You said now you can't be sure
If the night is creeping up on you
I love you, it's not my fault
If you're lucky just once in a while
You might see the fireflies

Yeah now, the fireflies
She took me to the water's side
If you're lucky just once in a while
You might see the fireflies

Walk with me tonight my girl
And I'll show you all of my world
And the oceans, the lands and the sea
And you said it's a mystery

You said now you can't be sure
If the night is creeping up on you
I love you, it's not my fault
If you're lucky just once in a while
You might see the fireflies

Yeah now, the fireflies
She took me to the water's side
If you're lucky just once in a while
You might see the fireflies

Yeah now, the fireflies
She took me to the water's side
If you're lucky just once in a while

You might see the fireflies

Whoa

See the fireflies

Whoa

See the fireflies

Whoa

See the fireflies

Whoa

I see the firefly
