

Irish Heart

Derek Ryan

My faithful friends
It's been so long
Since I sailed away
From my own native home

But Ireland's always been
Here on my mind
And o what I'd give
Just to be there
One more time

I'll always have an Irish heart
No matter where I go
I know where I came here from
My homeland and I
Will never be far apart
For I'll always have an Irish heart

My faithful friends
My time has come
To leave this world
And to enter God's home

I pray he'll fly me high
He'll understand
I need to say goodbye
To my Ireland

I'll always have an Irish heart
No matter where I go
I know where I came here from
My homeland and I
Will never be far apart
For I'll always have an Irish heart

I'll always have an Irish heart
No matter where I go
I know where I came here from
My homeland and I
Will never be far apart
For I'll always have
Yes, I'll always have an Irish heart
