

# Oh What A World

Derek Ryan

Oh yeah, oh no  
Oh yeah, oh no

Cried a lotta blues up and down the street  
Lose everything I had but I would not lose the beat  
Oh yeah, oh no  
Had a lotta lovin', bitter and the sweet  
Bring you up in glory, drop you in defeat  
Oh yeah, oh no, oh what a world

Oh, what a world we live in  
But it's the one we're given  
Stand up and face the trouble  
Baby, I'm gonna love you  
You can try to love me too  
Oh yeah, oh no, oh what a world

Middle of the night, I wake up in a sweat  
The devil's gonna get me but he has not got me yet  
Oh yeah, oh no  
I reach out and I hold you, we double up our love  
If I wind up down below will you watch me from above?  
Oh yeah, oh no, oh what a world

Oh, what a world we live in  
But it's the one we're given  
Stand up and face the trouble  
Baby, I'm gonna love you  
You can try to love me too  
Oh yeah, oh no, oh what a world

Oh yeah  
Baby keep hangin' on  
Oh no  
Don't you ever let go  
Oh yeah  
There's a wind comin' up  
Oh no  
And the sun's bound to show

Take you to the races, put our money down  
Pick up all our winnings, dance all over town  
Oh yeah, oh no, oh what a world

Oh, what a world we live in  
But it's the one we're given  
Stand up and face the trouble  
Baby, I'm gonna love you  
You can try to love me too  
Oh yeah, oh no, oh what a world

Yeah you can try to love me too  
Oh yeah, oh no, oh what a world

Oh, what a world we live in  
But it's the one we're given  
Stand up and face the trouble

'Cause baby, I'm gonna love you  
You can try to love me too  
Oh yeah, oh no  
Oh yeah, oh no  
Oh yeah, oh no, oh what a world
