

# Only Getting Started

Derek Ryan

What a perfect evening  
A glass of wine, you've got your red dress on  
I know you can feel it  
We're by the fire, dancing to my song

Oh, it's been a while  
Since we spent the night  
Only me and you  
Let's see what we can go  
To make it feel brand new

You and I  
We're only getting started  
You and I  
Will never be apart 'cause  
You and I  
We're only getting started  
Only getting started

Three o' clock in the morning  
Driving home with the late-night radio  
Think my heels are burnings  
All alone and my heart is running low

But baby when you're tired  
I'll be by your side  
It always gets me through  
To know that I got you  
You make me feel brand new  
Yes you do

You and I  
We're only getting started  
You and I  
Will never be apart 'cause  
You and I  
We're only getting started  
Only getting started

No matter what the future holds  
I could never let you go  
'Cause you're the only love I'll ever know

You and I  
We're only getting started  
You and I  
Will never be apart 'cause  
You and I  
We're only getting started  
We're only getting started

No matter what the future holds  
You and I  
We're only getting started  
I could never let you go  
You and I  
We're only getting started

The only love I'll ever know  
You and I  
We're only getting started  
We're only getting started
