

# Wherever You're Going

Derek Ryan

Wherever you're going, I'll go too  
If that's alright, alright with you  
Wherever you're going, I'll go too  
Sure I wouldn't know what else to do

Oh, I went out one evening just to find myself a dance  
I didn't know the meaning of true love or sweet romance  
Till I saw her sway underneath the lights  
Said, "Gee what are you heading for?", and that's when I replied:

Wherever you're going, I'll go too  
If that's alright, alright with you  
Wherever you're going, I'll go too  
Sure I wouldn't know what else to do

She had fire in her eyes, the color of her hair  
I'd look on you for all my life, I'd follow anywhere  
She whispered in my ear as the sun began to rise  
"Swear to me, my darling, you'll never say goodbye"

Wherever you're going, I'll go too  
If that's alright, alright with you  
Wherever you're going, I'll go too  
Sure I wouldn't know what else to do  
Wherever you're going, I'll go too  
If that's alright, alright with you  
Wherever you're going, I'll go too  
Sure I wouldn't know what else to do

How quickly years can pass you by when you're having fun  
No matter just how fast they fly, our love will keep us young  
Whatever way the road may part, I know I'll never stray  
I promise till the end, love, you'll always hear me say

Wherever you're going, I'll go too  
If that's alright, alright with you  
Wherever you're going, I'll go too  
Sure I wouldn't know what else to do  
Wherever you're going, I'll go too  
If that's alright, alright with you  
Wherever you're going, I'll go too  
Sure I wouldn't know what else to do

Wherever you're going, I'll go too  
If that's alright, alright with you  
Wherever you're going, I'll go too  
Sure I wouldn't know what else to do  
Wherever you're going, I'll go too  
If that's alright, alright with you  
Wherever you're going, I'll go too  
Sure I wouldn't know what else to do, hey

Wherever you go

Wherever you're going, I'll go too  
Sure I wouldn't know what else to do
